NFA Foundation, Inc., Statement – Senate Bill No. 786

As approved in the Education Committee, the revised language of Senate Bill 786 appears to preserve the very independence which donors have loyally and generously supported since 1854.

We will continue to study and monitor Senate Bill 786 and its effect upon the Foundation's support of Norwich Free Academy as a privately governed, independently endowed academy which provides value to all partner districts.

The NFA Foundation is grateful for the resounding voices of NFA donors and supporters which joined to maintain the independence of Norwich Free Academy as a mission-driven institution which the Foundation is proud to support.

With our proud, dedicated, and generous donors, the NFA Foundation, Inc. will continue to make Norwich Free Academy a unique educational institution.

Keith Fontaine,
President, NFA Foundation
